ATO Accelerated Depreciation Tax Break

Last Chance to take Advantage of the Small Business
ATO Accelerated Depreciation Tax Break

This year at June 30 will see the end of the current ATO Accelerated Depreciation scheme whereby items purchased at a cost of \$20,000 ex GST can be fully tax deductible in this financial year. Time is running out to take advantage of this break. If you are looking to invest some money prior to the end of the financial year, then we can help you out.

North West Ag are taking orders for:

- Hyti Grain Bags
- Polymaster tanks & troughs
- Ahrens silos & field bins
- Ag-Create troughs, bunker walls & other concrete products
- Cyclone & Waratah fencing and stock yards products
- Croplands spray equipment.

Give your local store a call to discuss your EOFY requirements.

Cyclone - The Great Gate Cash Back!

THE GREAT GATE CASH BACK IS ON AGAIN

It's on again, the Great Gate Cash Back from Cyclone. To qualify for \$10 cash back per gate, simply purchase 5 or more Cyclone N-Sure® Vertical Brace and 5 Bar gates in a single transaction. Retain a copy of the receipt as proof of purchase and go to www.cycloneproducts.com.au/cashback to complete the online claim form (see terms and conditions for further details) and upload your receipt, to receive the redemption.

The great gate cash back promotion is available for a limited time so hurry into your local North West Ag store to ensure you don't miss your chance to be rewarded. Available for sales until 30 June 2017. Claims must be submitted by 4.00pm Friday 21st July 2017. Ask in store for more information.

MICE

As mice numbers remain elevated in some areas the following product information maybe helpful in controlling rodents in your situation.

RACUMIN -

Rodents are eliminated quickly (3-8 days) with Racumin.

- Low risk of secondary poisoning
- Highly palatable – no bait shyness
- Suitable for indoor and outdoor use
- Contains Bitrex – a human taste deterrent

Bayer offers three products to help you clean up your rodent problems. Racumin Paste, Racumin Blocks and Racumin 8.

TOMCAT -

World's leading rodenticide. The safest single feed bait on the market today. Contains 18-21 food grade additives for increased palatability to rodents. Low wax content also helps maintain the integrity of the well known cog-shaped block and increases feeding habit.

- A fresh tasting, highly compressed bait that holds up well, particularly in adverse or moist conditions
- Tomcat has superior palatability, rodent acceptance and therefore control, including control of Warfarin-resistant rodents
- Tomcat baits satisfy a rodent's desire to gnaw
- Rats and mice can consume a lethal dose of Tomcat (green) bait in just one feeding
- Lethal dose is only 36 mg
- Less toxic to non-target animals, in both primary and secondary poisoning situations, than other single-feeding anticoagulants that are available
- Areas of Use: In and around domestic, commercial and public buildings.

Speak to your local North West Ag store about your rodenticide needs.

NEW Cattle Yard Panels

New from Cyclone and now available at your local North West Ag store are Blue Tag Semi Permanent Cattle Yard Panels and Gates:

- 6 x 70 x 41mm Oval rails
- 50mm RHS vertical posts
- Heavy Duty 5.0mm Brackets and feet.

Call into your local store for more information.
